

VOL. XXXVIII

STEVENS POINT, WIS., JUNE 7, 1916.

NO. 48

ELECT HEALTH BOARD

Council Complies With State Law—
Long Session of Aldermen Held
Last Evening.

Stevens Point, through the action of the common council at its regular monthly meeting last evening, at last has a regularly constituted board of health. The new board is composed of Dr. W. W. Gregory, C. E. Van Hecke and City Attorney W. B. Murat, with Dr. C. von Neupert, Sr., as ex-officio member. Dr. von Neupert continues as health officer and city physician.

City Attorney Murat, who had investigated the matter, reported the state board of health has demanded that the board of health be organized according to law and stated that if the council did not act the state board would. Alderman McDonald moved the election of Dr. Gregory, Mr. Van Hecke and Mr. Murat and the vote was unanimous in favor of the motion.

All the aldermen were present at meeting, which lasted until nearly midnight.

Mrs. Mary Scheffner, August A. Boyer, Mrs. Barbara Van Hecke, Thos. Bronson, Henry Haertel and Sigmund Green, property owners, petitioned that the name of Jacobs avenue be changed to West Ellis street. The petition was granted.

A communication from Jos. Jacobowski, written in a humorous vein, was read, requesting that the council take some action toward laying a sewer pipe through his property at the corner of Fourth avenue and Frederick street. Alderman McDonald, chairman of the board of public works, stated that the proposed drainage system on the north city limits will drain the property referred to, so the communication was laid on the table. Another petition requesting a sewer through the property at the corner of Washington avenue and West street was referred to the board of public works.

John Winietski, guardian for the five minor children of the late Mr. and Mrs. Frank Yach, asked that city's allowance to them be increased from \$8 to \$13 per month. It appears that the children are being cared for by their grandparents, Mr. and Mrs. Caspar Kryshak, and that the income of the children is about \$26 per month. The request was laid on the table.

An ordinance amending the ordinance relating to dog licenses was passed. This provides that all dogs must have their license tags on them and give the chief and any other police or authorized person power to take them up if not wearing tags, even though the license fee has been paid.

A resolution by Alderman McDonald, passed, provides that the council shall not consider or act upon any petitions for sanitary sewers unless the signers agree to make connections immediately on completion of the work.

The board of public works was instructed to lay a sewer on East avenue, from Clark street to Lincoln avenue, in accordance with a petition from property owners.

A resolution by Ald. Playman was carried providing for the purchase of a bicycle for city sealer at a cost not to exceed \$35.

An ordinance recommended by the Retailers' Association, by the terms of which reports must be made to the city clerk on household goods and business equipment moved from one place to another in the city, was referred to the city attorney. The ordinance is intended as a protection against removal of goods subject to contract sale or chattel mortgages.

The committee on city affairs recommended that Dr. C. von Neupert, Sr., be paid \$3 per day for his services to small pox patients, payment to be made from April 7 up to such a time as the disease is stamped out. Action was deferred, Aldermen Hyer, Playman, Schueller and Urowski being the only ones to vote against postponement.

The city treasurer presented a report showing that there was a balance of \$3,893.56 in the firemen's pension fund on May 1.

Dr. C. von Neupert, Sr., appeared before the council and gave a report on the small pox situation. He reported, among other things, that 84 children have been vaccinated free, in accordance with his recent order, and that there are now four cases of the disease in the city.

A loose leaf record book and a Remington wide carriage typewriter were ordered purchased for the city clerk.

At the request of Mayor Walters, \$60 was appropriated for the use of the fire department in trimming the fire wagons for the Fourth of July parade. The department was also authorized to re-paint the old fire engine.

An ordinance, as amended by the judiciary committee, relating to the posting of advertising matter on telegraph, telephone and electric light poles in the city, was defeated. Ald. Hyer, King, Myers, Martin, Port, Playman, Schueller and Urowski voting against.

Alderman Firkus recommended that the city sell the property at 113 North avenue, which was recently acquired through the death of Mrs. Rose Kwasnewski. The committee on city buildings was instructed to advertise for bids and to place the proceeds in the city hall fund.

A motion by Alderman McDonald providing that lunch wagons, pop corn wagons and other vehicles of this

nature must be removed from the streets at night, was carried.

Alderman Schueller reported that the committee appointed to investigate the purchase of an ambulance would recommend that a Ford car be purchased at a cost of \$600, fully equipped. He also said that the Whiting-Plover Paper Co. had promised to make a substantial contribution toward the cost. The matter was deferred to give the committee time to receive a definite proposition from the private concerns who have indicated a willingness to contribute.

The salary of James F. Duggan, new policeman, was raised from \$50 to \$60 per month, putting him on the same basis as other patrolmen. Chief Hofsoos said that Mr. Duggan is proving to be a remarkably efficient officer.

The city attorney was instructed to draw up an ordinance giving protection against wandering bands of gypsies and horse traders and also against fraudulent trading on the public square, particularly during stock fairs.

The board of public works was instructed to send City Attorney Murat to Madison to confer with the attorney general and railroad commission relative to the city's status with the local water company and gas company. It appears that the city is having difficulty in laying sewers owing to the shallow construction of water and gas mains and it is hoped to ascertain definitely just what relation the old water franchise now has to the city, if any.

Alderman McDonald requested the suspension of the fire limits to permit of the erection of a frame residence by Hanford Ross on Clark street, between Strong's avenue and Church street. As a result of discussion that followed it was discovered that the fire limits, once suspended, have never been reinstated. City Attorney Murat, Fire Chief Packard and Police Chief Hofsoos were delegated to devise a new ordinance.

A. Myers, chairman of the committee on fire department, reported that the fire department needs considerable new equipment and stated the committee was in doubt as to whether to continue with the horse drawn outfits or plan on the purchase of a motor truck. He told of the trip of the local officials to Wausau Sunday, when they witnessed a demonstration of that city's fire truck, as did also Ald. McDonald. Don Green, a representative of the American La France auto truck company addressed the council, advocating the motorization of the fire department for reasons of economy and efficiency. The matter was referred to the fire committee, to "keep it alive."

The former action of the council in authorizing the board of public works to advertise for bids on both a steel and concrete bridge over Rocky Run was upheld. The aldermen had inspected the site earlier in the evening.

HAVE FINE RECORDS

Two Students in Portage County
Schools Not Absent or Tardy
During Four Years.

From the standpoint of attendance, Edith L. Kyser, nine year old daughter of Mr. and Mrs. L. A. Kyser of Coddington, and Marion Melver, nine year old son of Mr. and Mrs. John Melver of Rosholt, are Portage county's banner school students. Neither one has been absent or tardy from school during the past four years.

Little Miss Kyser, whose mother is the clerk of school district Joint 2 in Buena Vista, attends the school located near her home in Coddington, while Marion Melver has been a student in the Rosholt school. During the entire four years the Melver boy has been taught by Miss Elizabeth McCorty of Rosholt.

Diplomas signifying perfect attendance for six months are given by the county superintendent's department to students entitled to them.

GRADUATES AT UNIVERSITY.

Carl H. Krueger of this city expects to take his degree from the electrical engineering course of the University of Wisconsin June 21. Carl is a member of the Eta Kappa Nu fraternity, which is an honorary organization of electrical engineers. His thesis is on "The Damping Effect of Hysteresis on the Starting Current in a Transformer."

Dr. and Mrs. M. A. Hadcock are at Evanston, Ill., this week, in attendance at the graduation exercises of Northwestern University. Their daughter, Miss Frances, is a member of the graduating class of the department of music.

IS SHAWANO COUNTY FARMER.

Henry Gross, a former resident near Meehan but who left Portage county twenty years ago and is now located on a farm near Shawano, was in town part of Monday while returning home from Grand Rapids. At the latter place he attended the funeral of his brother's wife, Mrs. Louis Gross, who died last Thursday and was buried Saturday, aged 42 years. Others present from a distance included Mr. and Mrs. Fred Racine of Shawano. Henry's homestead comprises 120 acres of choice land, nearly all of which was placed in tillable condition by himself or under his direction. Many old friends throughout this section will be pleased to learn that he is meeting with deserved prosperity.

STILL FIT FOR DUTY

City's Fire Engine, Relic of Olden
Days, Performs Like Youngster
In Trial Test.

The city of Stevens Point's old Amoskeag fire engine, a relic of the volunteer department of yesteryear, hasn't yet taken the count, and it proved it Monday afternoon, when a demonstration was made under the direction of P. F. Kosholek, who recently completed repairs on the old war horse. It was taken from fire station No. 1 and to the bridge over the slough on N. Third street, where it roared and puffed and, best of all, threw a regulation stream of water under pressure as high as 180 pounds. A crowd of spectators was on hand for the trial.

The engine is 43 years old, according to the recollection of Herman Krembs, foreman at station No. 1, and did valiant service for about 15 years. When the waterworks system was installed it was put on the shelf, but occasionally was called out for duty out of town. Among the places it was sent to for emergency work are Plainfield, Auburndale, Spencer and Prentice, and it always gave a good account of itself. Another engine of the same make and type, but newer, was owned by the city for several years and was sold to the city of Wau-paca after the city water system was put in. In the old days the water for the engines was pumped from cisterns, which were located in various parts of the city.

"Central City No. 1," as the engine was christened, is now in first class shape and available for emergency use, whether in the city or outside. As such it is a valuable adjunct to the regular department equipment.

GO TO ST. PAUL.

Mr. and Mrs. N. Eiden-Mitschen boarded Sunday morning's train for St. Paul, where they will make their future home at 442 Vance street. The couple's three sons have good positions in that city and their daughter, Miss Rosalia, went there a few weeks ago. Mr. and Mrs. Eiden are almost life-long residents of Portage county, the gentleman coming here from Germany 43 years ago, and located in the town of Sharon, where he developed an excellent farm and served the people of the township in various official capacities, having filled positions as chairman, clerk and justice of the peace at various times. He disposed of his property interests several years ago, when the family moved to this city and purchased the dwelling and lots at 419 Center avenue. This place was disposed of recently.

The lady is a native of Iowa but she was brought to Sharon while yet a baby and lived there continuously until her recent removal here.

Scores of friends will wish them continued health, happiness and prosperity in their Minnesota home.

BUY GROCERY STOCK.

H. C. Moen, who has been engaged in the grocery business for 26 years, most of the time at the corner of Clark and S. Third streets, disposed of his stock and fixtures this week to F. B. Roe and R. G. Hoese, the latter at present a resident of Chicago but whose coming marriage to Miss Isla Roe was announced a few weeks ago. The new proprietors will take possession the latter part of this month. Mr. and Mrs. Moen, who own the building and real estate, will continue to occupy the flat on the second floor.

MILLS START AGAIN.

As forecasted in The Gazette last week, the strike of mill workers is at an end and the saw and planing mills of the John Week Lumber Co. are again in full operation, practically all of the men having decided to return to work at the 10 cent increase. The planing mill was started Thursday morning and the saw mill on Friday morning. However, soon after operations at the saw mill were resumed it was found necessary to close down, owing to the breaking of one of the main belts, which had been damaged by rain coming through an open window. The plant was started in earnest Saturday and no further trouble is anticipated.

TO MOTOR EAST.

Dr. F. A. Southwick leaves next Sunday night for Detroit, Mich., to attend the annual convention of the National Medical society. Next Wednesday night Mrs. Southwick and daughter, Miss Louise, will leave for Chicago, where they will be met by their daughter and sister, Miss Margaret, who has been teaching at La Grange, Ill., and all will go to Detroit. From Detroit Dr. and Mrs. Southwick and daughters will go by boat to Buffalo, taking with them on the steamer from the Michigan city a new Hudson "super-six" touring car, in which they will make an extended tour of the east, through New York, Massachusetts, Maine and other states. They will be joined at Albany, N. Y., by Miss Katherine Southwick, who is in art work in New York City. The trip will be about six weeks in duration and the return journey will be made in the automobile. Dr. Southwick's old home is in Portland, Me., which will be one of the interesting places they will visit.

BEGINS NEXT WEEK

Normal Summer School To Commence
Tuesday, June 13—Large Attendance Looked For.

The regular summer session of the local Normal school will begin next week and continue until August 11th. The enrollment will take place Monday and regular class work begin on Tuesday morning at 7:10. The faculty will consist of twenty-four members, as follows: John F. Sims, president, school management; F. N. Spindler, psychology and education; M. M. Ames, U. S. history, civics; James E. Delzell, professional grammar, arithmetic; A. J. Herrick, agriculture, physics; F. S. Hyer, phonics, methods in reading; O. W. Neale, rural school department; Mary Bronson, physical training for women; J. V. Collins, mathematics; Geo. D. Corneal, physical training for men; G. E. Culver, chemistry, nature study; Annabel Dunlap, music and drawing; R. W. Fairchild, biology, bacteriology; Jennie Graham, assistant in country school teachers' training course; Bertha Hussey, literature, composition; Cornelia Luce, home economics; May Roach, model rural school; T. A. Rogers, chemistry assistant; Mrs. E. Short, librarian; E. T. Smith, general history, economics; Katherine Tupper, home economics; Dorothy Van Hecke, assistant librarian; E. J. Waterman, manual training and mechanical drawing; C. F. Watson, geography.

Additional courses not offered at previous summer sessions are penmanship, elocution, public speaking and millinery. The model cottages will also be open to students in the home economics department.

The summer school offers an opportunity for high school students to make up work, for graduates to work on the three year course now offered, and for high school graduates to complete a two year course in one and one-half years by attending two summer sessions. It is expected that a large number of students will take advantage of the list of liberal courses offered and a record breaking attendance is anticipated.

TO TEACH IN NEW YORK.

Graduates of the Stevens Point Normal are always in demand where the services of good teachers are required, and numbered among the latest to secure a desirable position for the coming year is Miss Helga Anderson, daughter of Mr. and Mrs. L. R. Anderson of this city, who has been engaged to teach phonics and music in one of the Montessori schools in New York City, under the direction of Miss Helen Parkhurst, formerly a member of the local Normal faculty.

Miss Anderson will leave here the latter part of August to begin her work the first of September. She has had excellent musical training and completed the primary course at the Normal here this month.

A HUGE THERMOMETER.

What is undoubtedly the largest thermometer in the city has been installed on the Strong's avenue side of the Krembs drug store building by the National Advertising Co. of Eau Claire. W. W. Dearth, a representative of the company, was here for several days and secured the co-operation of 14 business houses in an advertising way, making the installation of the device possible. It is inclosed in a glass case, 72x18 inches in size, which also protects the advertising signs. Besides the thermometer there is also a barometer and the machine is lighted at night by three electric lights, which will burn summer and winter. The company has about 50 machines in Wisconsin, including Grand Rapids, Marshfield, Neillsville and other nearby places. The thermometer is accurate by test and the public is invited to get into the habit of consulting it.

MEET HERE TOMORROW

Woman's Auxiliary of Episcopal Diocese of Fond du Lac In Annual
Convention Thursday.

The annual meeting of the diocesan council of the Woman's Auxiliary of the Episcopal diocese of Fond du Lac will be held in Stevens Point tomorrow, and delegates have already arrived to attend.

Although the convention does not open until Thursday, this evening a missionary mass meeting will be held at the Church of the Intercession, to which the public is invited. This service will begin at 7:45 o'clock and Bishop Weller and Dean Bell of Fond du Lac will deliver addresses.

Thursday morning at 7:30 o'clock holy eucharist will be celebrated and Bishop Weller will be celebrant at a choral service at 10:30. The balance of the morning will be devoted to the transaction of business and a business session will also be held in the afternoon. The members of the Stevens Point Auxiliary will serve luncheon at noon in the Parish House, where the sessions will be held. Badges with "W. A. 1916, Stevens Point, Wis." printed on them will be given the visitors.

Mrs. William Walton of this city is one of the vice presidents of the diocesan organization and Mrs. J. W. Battin is local president.

PRIZE FISH STORY.

Pearls in oysters are not rare, but who ever heard of a diamond in a fish? A story that has been going the rounds credits Adam Musial, 504 N. Second street, with having caught a sucker below the Jackson Milling Co.'s dam which had in its stomach a diamond ring. Mr. Musial had "nothing to say for publication" when seen today. It is at least the biggest fish story of the season, regardless of its authenticity.

OUT FOR REGISTER.

A. F. Else, former chairman of the town of Plover and a resident of Portage county for fifty years, has decided to be a candidate for register of deeds on the Republican ticket and his name will appear on the primary ballot. Mr. Else owns and operates a farm east of McDill but besides this line of endeavor he was for many years engaged in the lumbering business. An extensive acquaintance throughout the county will prove an important factor in his canvass for county office.

TO COLUMBIA UNIVERSITY.

Miss Marguerite Harshaw, who has been teaching at Grand Rapids, visited in the city over Sunday and left Tuesday for Milwaukee for a couple of weeks' visit with relatives. She will also visit her brother, Myron, at Chicago and about July 1 will go to New York City to attend the summer session of Columbia University. Miss Elizabeth Skinner of this city will also attend Columbia this summer and she and Miss Harshaw will make their home while in New York with Mr. and Mrs. Alex Turner. Mr. Turner is an uncle of Miss Harshaw and Mrs. Turner a sister of Miss Skinner. Miss Harshaw has signed a contract to teach next year at Glencoe, Ill., a suburb of Chicago.

WAS IN BIG STORM.

Miss Marion Bannach, sister of County Superintendent Frances C. Bannach of this city and daughter of Mr. and Mrs. Michael Bannach of Custer, was in the midst of the destructive rain and wind storm that passed through southwestern Wisconsin last Friday. Miss Bannach is head of the home economics department and supervisor of practice in the Crawford county training school at Gays Mills. A telegram received from her Sunday morning was to the effect that she escaped safely. Hundreds of thousands of dollars in property damage was done, particularly to railroads. Miss Bannach, who graduated from the local Normal in 1913, will remain in Gays Mills for the summer session of the training school.

IS COMMENCEMENT WEEK.

High School Class Day Exercises to
be Held in Normal Auditorium
This Evening.

This is commencement week for the Stevens Point High school and this evening, beginning at 8:15 o'clock, the class day exercises will be held in the new Normal auditorium, where the commencement exercises will take place tomorrow evening at the same hour. The alumni reunion and banquet, to which all alumni of the school, their wives and husbands, members of the faculty and members of the board of education are invite will be held at the public library Friday evening at 6:30 o'clock. The officers in charge of the last named event have not been able to personally invite all who are eligible, but wish it understood that all are welcome.

Admission to the class day and commencement exercises is by ticket and it is certain that the Normal auditorium will be crowded to capacity for both. The class numbers 53 young men and young women.

The annual baccalaureate sermon was delivered by Rev. E. Croft Gear at the Church of the Intercession Sunday morning, when, besides the graduating class, a huge crowd of relatives and friends of the young people was present. The altar was simply decorated with yellow roses, the class flower, and the choir rendered beautiful music.

Father Gear's address was full of encouragement and advice, having for its central theme that development of mental or physical strength is less important than the development of the spiritual side of life. He deplored the modern system that separates religion from education in the schools, impressing upon his hearers that fullest development can be attained only by including christian teachings. Lack of religion in a man or woman results in "mental indigestion," he said, and has a particularly adverse effect on the growing boy or girl. He appealed to the graduates to live clean lives and to depend on faith to win the battles of life.

AN OBSERVATION SCHOOL.

Pres. John F. Sims of the Normal has announced an observation school to be run in connection with the regular summer session, to open next Tuesday morning at 9 o'clock and continue for not less than six weeks. Pupils may be enrolled from the 1st to the 5th grades, inclusive. Applications from students in the grades desiring to take advantage of regular school work during the six weeks should be made to Pres. Sims not later than Friday of this week. The work will be under the supervision of Miss May Roach of the practice department.

BULL MOOSERS WILD

Mention of Roosevelt's Name Sets
Progressives in Uproar—Repub-
licans Take Adjournment.

The Republican and Progressive National conventions were called to order at the Coliseum and Auditorium, Chicago, respectively, at 11:30 o'clock this morning.

Temporary Chairman Robbins of the Progressives mentioned the name of Roosevelt and precipitated a riotous demonstration of enthusiasm among Bull Moosers. Delegations marched around the hall carrying their state banners and cheering. After 1 hour and 35 minutes of interruption Chairman Robbins resumed his speech, but an Oklahoma delegate started the tumult again by raising aloft a "big stick" and shouting, "What's the matter with Teddy." He proceeded to the platform amidst wild cheering and presented the symbol to the chairman. In his address Chairman Robbins dwelt in part on the position of the American citizen of foreign birth and Col. Roosevelt's stand on Americanism. "We sounded fourth in 1912 a trumpet that shall never be still," he said and great applause greeted this and his assertion that the Progressive platform of that year was a milestone in American history. At 2:58 he was still talking and was discussing particularly the question of national defense.

At 3:54 o'clock the Progressives adjourned until 2 o'clock Thursday afternoon.

The Republican convention was opened by Charles D. Hilles of the National Committee. At 1:23 the roll of states was being called and the names of the committeemen from the various states announced. After this the convention adjourned until Thursday morning at 11 o'clock.

WENT TO WAUSAU.

Fire Chief Packard, City Attorney Murat, Aldermen A. Myers, Alois Firkus, R. K. McDonald and Frank Urowski, Controller Rogers and Foreman Herman Krembs and Thomas Helmski of the fire department made an auto trip to Wausau Sunday, when they were given a demonstration of that city's motor fire truck. Don Green of Minneapolis, representative of the American LaFrance fire truck company, had charge of the demonstration, which impressed the local men very favorably. The machine had no trouble in plowing through sand and up hill with fifteen men and its equipment on board.

CETS SEATTLE OFFER.

A recent issue of one of the Everett, Wash., papers contained the names of local teachers who had been offered positions in the Seattle schools for the coming year, and among them was Miss Genevieve Clifford, daughter of Mrs. M. Clifford of this city. Miss Clifford was among those mentioned as having given particularly good satisfaction in the Everett schools. As that young lady has already signed a contract to teach at Everett next year, it is uncertain whether she will be able to accept the Seattle position. Miss Clifford has taught at Everett for the past two years and prior to that taught in the Kent, Wash., schools for two years.

YOUNG MOTHER TAKEN.

Mrs. John G. Glinski, Wife of Local
Banker, Claimed by Death Tues-
day Afternoon.

Friends and acquaintances of Mrs. John G. Glinski, wife of the assistant cashier at the Citizens National bank, were profoundly shocked to learn of her death, which occurred at the family home, 403 Franklin street, at 5:30 o'clock yesterday afternoon. Mrs. Glinski gave birth to a son just ten weeks ago today, and had not been in the best of health since then. However, her condition was not regarded as really serious until yesterday morning, when a pronounced change for the worse took place and she steadily grew weaker.

Amelia Theresa Marchel was a native of Portage county, having been born in the town of Hull, at Jordan, daughter of Mr. and Mrs. Chris Marchel, prominent residents of that vicinity, and would have been 27 years of age had she lived until June 24. She attended the district school near her home during her girlhood and later taught school in the county. She was also principal of the grade school at Thorp for one term and graduated from the full course at the local business college. On June 15, 1915, she was married to John G. Glinski and they immediately took up their residence in this city.

Mrs. Glinski was a bright young woman and one who was highly regarded by scores of friends. Her death casts a cloud over a happy home and to her bereaved husband and other relatives the deep sympathy of the community goes out. Besides the husband and little son, who was christened Herman John, she leaves her parents, three brothers, John of Jordan, Frank of Merrill and Severn, at home, and two sisters, Mrs. Mary Pekarski of this city and Miss Martha, at home.

The remains were taken to the parents' home at Jordan this afternoon and the funeral will be held from Sacred Heart church at Polonia at 9:30 o'clock tomorrow morning.

FLAG DAY JUNE 14

The 139th Anniversary of Adoption of the Stars and Stripes to be Observed.

Wednesday, June 14, is Flag Day, when the nation will celebrate the 139th anniversary of the adoption of the American flag. In the past, and increasing every year, the governors of many states have, by their proclamations, called public attention to the day and ordered the flag to be displayed on all public buildings, and invited their fellow citizens to celebrate the day. Other officials, societies, school officers and teachers, the press and others have stirred up popular enthusiasm by public appeals to join in the recognition of the birthday of the emblem of our nationality.

A folder issued by the American Flag association reads, in part, as follows:

On the 14th day of June, 1776, Congress enacted: "That the Flag of the thirteen United States be thirteen stripes, alternate red and white; that the Union be thirteen stars, white in a blue field, representing a new constellation." The number of the stars has been increased by the admission of new states. The possibilities of the nation's future development dawned upon our fathers. The original thirteen stripes continued for several years and were then changed; after a few years only were unchangedly restored by act of Congress on April 4, 1818, when it was enacted: "That from and after the fourth day of July next, the Flag of the United States be thirteen horizontal stripes, alternate red and white; that the Union be twenty stars, white in a blue field, and that on the admission of a new State into the Union one star be added to the Union of the Flag, and such addition take effect on the fourth day of July next, succeeding such admission." The flag has so continued ever since.

Since the struggle of 1861-1865, the flag has become the symbol of a mighty nation. It has been carried to the utmost parts of the earth, carrying liberty wherever it has been flown to the breeze.

At this time of the great European war, the limits of its helpful influence are not confined to the theatre of the conflict, but our own country is in great danger of being involved in its consequence, and patriotism and love of our wonderful country is called for more than ever, that we must be watchful against those who would involve us and do us ill.

We are now in the midst of an anxious time in all our nation, again calling for an expression of our most sincere devotion to the flag of our country, and what it stands for. The stars and stripes have come to possess new beauty for friendly eyes and new terror for the foes of liberty, and of law and order, and of lawful government.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Rad's Catarrh Cure. Send for circulars, free. F. J. CONROY & CO., Toledo, Ohio.

KILLED BY N. W. TRAIN.

Further Details Concerning Fatal Accident to Town of Eau Claire Farmer.

Our Eau Claire items last week contained a brief notice of the tragic death of August Schwamer, who was struck by a passenger train on the Northwestern road at Mercer, Iron county, May 25th. The widow and a neighbor, Otto Dau, were visitors to this city last Friday and from them we gained further details concerning the terrible happening.

Mr. Schwamer left home the Monday before, May 22d, without any apparent reason and in fact gave no indication of his intended departure. He has relatives at Birnamwood, Shawano county, and it was presumed that he had gone there for a visit, therefore the family were not much alarmed. By what means of travel he reached Mercer is not known, the only theory advanced being that he entered a box car on the N. W. road, fell asleep and did not awaken until the train arrived at or near that station. Being still in a dazed condition he proceeded along the track and was struck by the passenger train. One leg was cut off above the ankle, his skull was fractured and he was otherwise so badly hurt that death must have been almost instantaneous. Employees of the railroad picked up the body and brought it to Hurley. The oldest son, Levi, and Mr. Dau were called to that city and brought the remains to Eau Claire.

Funeral services were held at the Junction City Lutheran church last week Tuesday, Rev. Wagner officiating, after which burial took place in the parish cemetery.

Mr. Schwamer was a native of Mecklenburg-Schwerin, in Germany, where he was born 45 years ago the 27th of last August. When he was two years of age the family emigrated to America and a good portion of his life was spent in Outagamie county, Wis. August was married at Appleton to Miss Anna Bochter and to them were born three children, Levi, aged 19; Elda, 12 years, and Harold, who is 6 years of age. They moved to Eau Claire township eight years ago.

Besides the immediate family, the deceased leaves his aged mother, two sisters and a brother at Appleton.

ARE FLORIDA LAWYERS.

The Palatka Morning Post of Friday, May 26, published at Palatka, Fla., contained the following interesting paragraph concerning two former Portage county young men:

Colonels W. P. Dineen and Geo. B. Everson will spend today in DeLand, attending the commencement exercises of Stetson University. Tonight Mr. Dineen will speak for the alumni members of the Phi Alpha Delta Legal Fraternity, at a banquet to be given as a feature of the annual reunion of that organization. Ex-Governor W. S. Jennings will speak for the honorary members of the fraternity.

In another part of the paper appears Mr. Dineen's professional card. He is a son of James P. Dineen of the town of Stockton and Mr. Everson formerly lived in this city. Both have been students at the Stevens Point Normal.

CATCHING UP.

Under Woodrow Wilson the United States is catching up with the rest of the world. After years of Republican failure even to propose action, President Wilson and the Democrats of Congress have faced the rural credit question and have almost completed legislation upon it.

During all the years of Republican domination—

In Germany the "Landwirtschaft" system, organized and controlled by the government, was providing loans to farmers at 4½ per cent.

In France the "Credit Foncier," a state bank, was lending on mortgages at four per cent.

In England the "Agricultural Land Bank" was lending to farmers at four per cent.

In Sweden and other credit associations, organized by the state, were taking care of the needs of the farmers at three and four per cent.

And in the United States, Great Britain, France, Germany, Canada, or various other countries, credit associations, organized by the state, were lending to farmers at three and four per cent.

In a good many instances, the man who wants to do something for the poor is frustrated by the fact that the poor must vote more than the rich.

HAD NARROW ESCAPE.

Amherst, Advocate: Wednesday afternoon Mrs. Fred Shanklin took a large dose of strychnine, thinking she was taking powdered asperin. The powerful poison began to take effect at once and Mr. Shanklin hurriedly summoned Drs. C. E. Smith and G. E. Dusenbury. When the doctors arrived Mrs. Shanklin was quite far gone and it was feared that her life could not be saved. She was unconscious and life appeared to be nearly extinct. By prompt action the poison was removed from her stomach and after a time she was revived. Though still in a weak condition from the effects of the deadly poison, Mrs. Shanklin's recovery is assured and it is hoped that before many days she will be in perfect health again. Her escape from death was a very narrow one and that she is alive after the experience is nothing short of a miracle.

AFTER THE FLIES.

With 2,000 "swatters" in the hands of as many kids, this summer is expected to be a disastrous one for the fly population of Stevens Point. The Jackson Milling Co. has furnished the swatters and Supt. H. C. Snyder of the public schools and Rev. S. A. Elbert of St. Peter's school have been attending to their distribution among the boys and girls. The swatters were made by a Wausau firm and on the handle is an advertisement for Gold Crown flour, one of the Jackson Milling Co.'s products.

Will My Child Take Dr. King's New Discovery?

This best answer is Dr. King's New Discovery itself. Its a pleasant sweet syrup, easy to take. It contains the medicines which years of experience have proven the best for coughs and colds. Those who have used Dr. King's New Discovery longest are its best friends. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for a cough and cold insurance.

MUCH PAVING PLANNED.

The total amount of new paving to be done in Stevens Point this season, exclusive of that part of Ellis street which is now completed, is 10,741 square yards, divided as follows: Wisconsin street, 3,336 square yards; Mill street, 1,408; Ellis street, 1,177; Division street, 1,620; Reserve street, 2,200; Pine street, 1,000. The curb and gutter to be constructed aggregates 6,818 lineal feet, as follows: Wisconsin street, 2,200; Mill street, 1,040; Ellis street, 872; Reserve street, 2,000; Pine street, 700. Division street already has curb and gutter. Approximately 5,000 square yards of excavating will be done.

Clear Skin Comes From Within.

It is foolish to think that you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. GONE TO ANNAPOLIS.

Vilas R. Knope left last Friday morning for Annapolis, Md., where he will enter a preparatory school for work leading up to the entrance examination at the United States Naval academy. He will take this examination on July 27 and, if successful, will immediately begin a four-year course at the government school. The young man was given the appointment by Congressman E. E. Browne of Wau-paca after he had taken first rank in the preliminary examination.

**Biggest Class in History Graduates
From Normal School Last
Thursday.**

The twenty-second annual commencement exercises of the local Normal school were carried out in the Normal auditorium Thursday morning of last week. A total of 161 students completed their work in the several departments, 64 being granted graduate certificates from the rural department, and 97 receiving diplomas from the home economic, primary and grammar grade departments.

The following program was carried out:

Invocation.....Rev. S. A. Elbert
Song, "Greeting to Spring"
.....Treble Clef Club
Address.....Pres. Chas. R. Van Hise
University of Wisconsin
Song, "Song of Roses"
.....Treble Clef Club
Presentation of Diplomas and Certificates.....Pres. John F. Sims
Selection.....Normal Orchestra
Song, "America"
The colors of the class are maroon and gray and the motto, "We Finish to Begin."

President Van Hise, in his address, traced the development of education and the splendid results accomplished by this public work in the United States, showing its expansion into a complex system. He dwelt on the importance of education as a public function and of the responsibility and importance of the teaching profession. A feature of the graduation exercises was the grand march at 9:50 which was assembled near the west door of the Normal building, going across the front campus and entering the auditorium thru the new addition. The center section of seats was reserved for the graduate students and boys of the Junior class acted as ushers.

Thursday's program and the presentation of diplomas and certificates completed the exercises connected with the graduation.

A PECULIAR COLLISION.

A peculiar collision occurred in the Stevens Point area about 2 o'clock last Friday afternoon, when an engine switching with four cars loaded with coal, cornered another switch engine at a switch, breaking the cab of the latter and knocking the throttle open. The lone engine started to back up, colliding with a third engine, which was standing "dead" near the round house. One switch engine was badly broken up, two cars derailed, and the "dead" engine slightly damaged. No one was injured, the crew having jumped after the first crash.

NEW DEPOT AT MARSHFIELD.

Marshfield is rejoicing over the announcement that the Chicago & North-western and the Omaha railways will build a new union depot at a cost of about \$50,000 in that city. Officials of the two companies dropped the word last Wednesday, when they visited Marshfield and exhibited plans of the new structure, which will be 122 feet by 28 feet in size and two stories in height. The old frame depot will be moved to a new location and used for freight purposes.

Marshfield has been waiting for years for that welcome announcement, so, after all, there may be some hope for Stevens Point.

THE RED CROSS BOX.

The box recently sent to Red Cross headquarters at New York by the local Red Cross Aid society contained 18 muslin sheets, 48 two-inch gauze bandages, 27 surgical shirts, 1 flannel bath robe, 36 slings, 252 knitted sponges, 22 pairs socks, 6 "T" binders, 18 abdominal binders, 120 cotton and gauze pads, 150 large gauze compresses, 3 invalid rings, 2 rolls common cotton.

Contributors to the Red Cross fund not previously reported are, the Royal Neighbors, the Baptist Ladies' Aid Society, John Week Lumber Co., the Gross & Jacobs Co., Copps Co., River Pines Sanatorium, T. H. Hay, F. E. Walbridge, Miss M. B. Hart, Miss Little, Mr. Eccleston.

CANDIDATES FOR SHERIFF.

L. Peterson, former supervisor of Rosholt village and who for several years conducted the leading hotel there, was a Stevens Point visitor last Thursday. Mr. Peterson is now engaged in the logging business and last winter had a big contract near Galloway, Marathon county. As stated several weeks ago, the gentleman plans on moving to this city and will come here if he can secure a desirable home and barn room for his horses, of which he has some eighteen head. Mr. Peterson is also thinking seriously of entering the race for sheriff next fall as a Republican candidate. He enjoys an extensive acquaintance throughout the county and is mentally and physically equipped to perform the duties of this important office. Other avowed candidates on the Republican side are Frank J. Pratt of Pine Grove and W. L. Barager of this city. The name of John A. Berry of Buena Vista, a former sheriff, is also being mentioned. The only announced aspirant among Democrats is John F. Kubisak of Amherst Junction, who completed two years of service in January, 1915, but it is possible that William L. Playman, for several years a former alderman from the Third ward, may enter the field.

WANT A BARGAIN?

One of the best residence properties on Elk street is offered for sale at a bargain, the present owner desiring to go to farming. The real estate comprises two lots, the cottage house is 28x40 feet, contains eight rooms, has hardwood floors, electric lights, etc. In desirable location. For further information enquire at The Gazette office.

SUFFRAGE NOTES.

(Contributed)

Woman suffrage clans from all over the country have gathered in Chicago for the great suffrage parade today, June 7, in connection with the Republican National convention. Mrs. Carrie Chapman Catt has been in Chicago for some days and Mrs. Frank W. Roessing, first vice president of the National, arrived the last of the week. Other officers, including Mrs. Henry Wade Rogers of Connecticut, Mrs. Stanley McCormick of Massachusetts, Miss Esther O'Brien of New Jersey, Miss Hannah J. Patterson of Pennsylvania, Mrs. Walter McNab Miller of Missouri and Mrs. Pattie Buffner Jacobs of Alabama will be in Chicago for the great event. Mrs. James W. Morrison, recording secretary of the National, is a resident of Chicago and has been working untiringly for the success of the parade.

The National Board will be at the front of the parade and when they come to the reviewing stand they will leave the procession, take their places in the front row of the stand and review the passing lines.

Suffragists from all over Wisconsin gathered in Milwaukee this morning to take special cars for Chicago. A number of Wisconsin women now residents in Chicago are expected to march with the Wisconsin contingent.

The two chief candidates who were considered for the presidency of the General Federation of Woman's Clubs at the convention in New York are suffragists. Mrs. Josiah Evans Cowles of Los Angeles, the successful candidate, is a voter and will cast her ballot for president of the United States this fall. She says "Since we California women got the vote we have been so busy using it that we have not paid much attention to suffrage argument anywhere else." Mrs. Samuel B. Sneath, the rival candidate, is a prominent Ohio suffragist. Mrs. George Bass of Idaho, also prominently mentioned for the place, is one of the most capable and able suffragists in Chicago.

The Wisconsin leader, which will be carried in the front of the Wisconsin division of the parade, will be one of a group of animal mascots which will form a unique part of the parade. California will have a grizzly bear, Illinois an elephant, Wyoming a buffalo, Colorado a mountain goat, Utah a porcupine, Idaho a black bear, Oregon a chinaman bear, Washington an eagle, Arizona a lizard, Kansas a pig, Montana a mountain lion, Nevada a mustang, Missouri a mule.

Among the Wisconsin women due in Chicago for the parade, are Miss Harriet Bain of Kenosha, who has been spending the winter in California and who returns at this time especially to take her place in the ranks, and Mrs. Ben Hooper of Oshkosh, who has been speaking in Iowa during the last week of the campaign.

Tennessee Democrats in their state convention in Nashville last week went on record in favor of submitting an amendment to the state constitution providing for equal suffrage. This action is said to be the first of the kind taken by the Democratic party in the south.

The contest against Mrs. Leslie's will, by which more than \$1,000,000 was left to Mrs. Carrie Chapman Catt for the furtherance of suffrage, has been carried to a higher court and final settlement is not expected before fall or winter.

Mrs. Kellogg Fairbank of Chicago, grand marshal of the suffrage parade, was one of the principal speakers at a luncheon recently given by the suffragists of Madison.

LIGHTNING HITS DOME.

The hardest rain storm of the year in Stevens Point broke at about 7:30 o'clock last Thursday evening and continued all night and well into the morning hours, the rainfall being over two inches. A brilliant electrical display accompanied the rain and one particularly "snappy" bolt struck the court house dome at about 9:30 o'clock. The damage, however, was immaterial and no fire resulted. The great volume of rain caused an appreciable raise in the Wisconsin river and tributary streams.

THE FENIAN OUTBREAK.

The recent Sinn Fein disturbance in Dublin affords an interesting subject of comparison with the Fenian outbreak in the United States in 1866, in which thousands of American citizens, and among them hundreds from Wisconsin, were involved. By a strange coincidence the interval between the two difficulties is just half a century, the earlier one occurring a year after the close of our Civil War. Each of these movements was animated by the same spirit, a bitter hatred for England. The one was an attempt to humble England by robbing her of Ireland; the other was an effort to accomplish the same object by depriving her of Canada. Both had their base of operations on foreign soil. In the recent case, it was Germany; in that of 1866, it was the United States. Both involved citizens of Irish birth residing in the United States. In the Fenian attempt this went so far as to threaten the neutrality of America. For several months before the attack on Canada was delivered, Irish agitators were recruiting and drilling troops, and gathering arms in the United States. Not until the actual movement to Canadian soil began did President Johnson intervene. Two companies of Wisconsin Irishmen, mostly veterans of our Civil War, were well on their way to Canada before they were arrested, and the conspiracy broken up.

Inspecting Human Machinery.

Milwaukee has a manufacturing plant which is one of a series of three operated in different parts of the country by the same owners. The present manager of the Milwaukee factory has managed each of the other two. Under his management each factory in turn has been made to produce more and at a lower cost than its rivals. Nothing phases this man so much as to place one factory at the top of the list and then go to one of the other two and make his new shop beat his previous one.

A brief consideration of his methods would seem to promise profit to other managers and owners and to be in place here because his success according to his explanation, depends entirely upon the time and attention he gives to the health and physical welfare of the factory workers.

"While other managers are giving their main attention to the condition of their machines and to the inspection of the product, I study the operatives," he told me in the course of a discussion of his business. "By observing the girls at work, rather than the product of the work itself, I can form a more correct estimate of what our output is and will be than by any other method of inspection. To illustrate: A few days ago I spent several minutes watching a girl at a process which calls for especially good eyesight. I observed that every few moments she moved her head or wrinkled her brow in a manner which indicated defective eyesight.

When I considerably asked her about her eyes she told me with some surprise that they were perfectly good. I urged her to visit an oculist for an examination. She protested that this was unnecessary. Nevertheless, upon my insistence she went to the eye specialist we retain by the year. He told me that the condition was very bad. When the glasses were ready the doctor took the girl to the window, raised the shade and asked her to look out. She gave a little cry of happy

amazement. For the first time in her life she was really seeing the beauties of the world about her. I'm not worrying now about the amount and quality of the output of her bench.

"Another girl showed evidence of headaches. By a little kindly questioning, I found she was coming to work on a breakfast of coffee and a little piece of bread or toast. The addition of a couple of eggs to that girl's breakfast has made her a crackerjack operator.

"Now we're working upon the condition of the air. This presents some difficulties because of the nature of our product and manufacturing processes. But we're getting it. Every hour the welfare worker takes record of the atmospheric temperature and moisture. By attention we're bringing down the heat and increasing the humidity with the result that the workers feel better and do more and better work than when they tire out too early in the workday.

"Of course, it's a bigger job to keep human machines in full running order than it is the iron and steel ones. Perhaps that's why so many owners and managers neglect them. My company, however, pays me to do the things most important to make their business profitable. It's some personal satisfaction to me to know that aside from profits and my own increasing salary checks, I'm doing something to make the employees healthier, happier and more prosperous than they are in the plants of our competitors."

He chuckled gleefully at this point in his talk. "Besides," he said, I'm getting the cream of the workers."

Bowel Complaint in India.

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventative and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

Portage county farmers believe in banks and don't take chances. On May 1 the deposits in the banks of the county totaled \$3,297,062.08—the largest in history—and a good share of this amount belongs to rural residents. There are 11 strong banks in the county and they have knocked the stocking out of business as a depository of surplus funds.

The city baseball league isn't overburdened with funds; in fact it has not been able to pay all the debts it contracted before the opening of the season a week ago Sunday. It needs the money, but it didn't need it bad enough to schedule a game Memorial Day. The idea of playing a game on May 30 was entertained, but it was dismissed as soon as the inappropriateness of it was mentioned. It may be "bush league stuff" for athletes to mix sentiment with sport, but most Stevens Point people will give the City League credit for aiding in the proper observance of what should be one of the most solemn holidays of the year.

"I have been much interested in looking over your paper. I see a good many newspapers and rarely does a weekly come into my office with as good features as you are running. You certainly get a lot of news and display it in a very attractive manner. Your townspeople must be proud of a paper that is such a credit to your city."

That's what a nationally known newspaper writer has to say about The Gazette, and in spite of our natural modesty we can't refrain from publishing it. Coming from a man of his standing it makes us feel just a little "chesty," the more because it was wholly unexpected and unsolicited.

This is what the president of one of America's leading universities has to say about the opportunities for pleasure and profit in farming:

"Unless a boy has a deep seated preference for some other profession, it does not seem to me wise for him to ignore the great opportunities that agriculture affords, whether he was born in the country or in the city."

"In my opinion, no other occupation offers so rich rewards, all things considered, as agriculture offers to those who are willing to train themselves for it as earnestly and intelli-

gently as they would train themselves for law or medicine.

"If a boy will put the same amount of time and study into his training for agriculture that he would put into his training for law or medicine, he will in the greater majority of cases make more money, enjoy greater freedom, better health, and develop stronger character."

A. E. Larson spent the latter part of last week on a business trip to Necedah and New Lisbon, where he found that the European war did not furnish near as much food for discussion as the recent appointments for postmaster in these respective towns. Senator Hustings' choice at Necedah was a man who is said to be almost a stranger to its people—a potato buyer coming there for a portion of the season and then imitating the Arab by quietly folding his tent and stealing away. The New Lisbon appointee is one whose political affiliations are an unknown quantity, in fact many of his neighbors believe that he seldom if ever exercised the right of voting. As in both towns there are Democratic war-horses who have fought the party's battles for many years, Hustings has not gained any friends by this further exhibition of boneheadedness.

The career of a man like James J. Hill, whose death has just occurred, offers many suggestions to ambitious young men. Young fellows who long for success might well put into the study of such a life some of the time they now waste on amusements. Not one in ten million people can be a "Jim" Hill. But the methods by which he became a great business leader can be imitated in a small way by everyone with substantial results.

A moderate degree of success can be achieved without one's possessing any special genius. If he has just average capacity, and will imitate the methods of the captains of industry, he can win his way.

The foundations of Hill's success were laid in years of quiet obscurity, when he was only a stevedore and clerk for a packet company operating on the Mississippi river. During those years of humble work, Hill had a reputation as merely a talker. But he was keeping his eyes open.

He spent his life on the wharves talking with anyone who knew anything about river transportation. In time he came to a thorough comprehension of the actual conditions surrounding these enterprises. When he started in business for himself, he understood in every detail, the conditions he had to deal with.

Here is revealed the lack of most people in business world. They look for success through sudden turns of fortune, and are too impatient of slow process of growth. Instead of acquiring the last detail of information about a business as Hill did, they wait for some unexpected stroke of luck to turn up.

The man who wins out in any trade is the man who knows its operations from the ground up. After that he must have organizing capacity. But thorough information is the first secret of success, as a career like Hill's shows.

COLT KICKS MASTER.

August Oesterle, one of the county's best known farmers, father of Miss Frances Oesterle of this city, was kicked in the head by a colt last Thursday morning and for a time fears were felt that he was seriously if not fatally injured. Mr. Oesterle was taking the colt, which had never shown any tendency toward viciousness, to a pasture at his farm in the town of Sharon. Suddenly the animal turned upon him, delivering a hard blow to Mr. Oesterle's right cheek, just in front of the ear. Mr. Oesterle was unconscious and bleeding freely when an employee of the farm reached his side. A doctor was called from this city. Mr. Oesterle is now able to be out, but it will be a long time before the deep gash on his face is completely healed. That he escaped so fortunately is considered remarkable.

BEAVERS GET TOGETHER.

The rally arranged by the local lodges of Beavers and Beaver Queens was attended by a large crowd of members and friends in Society hall last Thursday evening. Among the speakers were M. D. Larson of McFarland, chairman of the reserve fund board; Judge J. W. Parsons of Antigo, national director and S. A. Oscar of Madison, grand secretary. Mayor Walters also spoke and M. E. Bruce was the presiding officer. Hansmann's orchestra provided music and Mrs. C. H. Vetter sang, accompanied on the piano by Mrs. James Blake. At the close of the program ice cream and wafers were served.

GOT AWAY LUCKY.

Stephen Vicker, 18, who resides at 106 Sixth avenue, was hit on the head by a wheelbarrow, which fell from a distance of 25 feet or more, Monday morning, but escaped with scalp wounds. He was standing on a runway in the new Ideal theater on Main street, where his father, Adan. Vicker, and brother, Joseph, are employed, when the wheel barrow, which was being let down from above with a chain, dropped off. It struck him a glancing blow, but one sufficiently hard to knock him out for about 20 minutes. On being removed to a doctor's office it was found that two cuts on his head were the extent of his injuries, although he might easily have been fatally hurt.

AT DIOCESAN COUNCIL

Father Gear and Three Lay Delegates Attend Annual Church Meeting at Fond du Lac.

The forty-second annual council of the Fond du Lac diocese of the Episcopal church began at Fond du Lac yesterday morning and closed this noon. Forty-two priests and over a hundred lay delegates attended.

The council was opened at 9:15 o'clock with a solemn procession at St. Paul's cathedral, followed by the celebration of Holy Eucharist. Bishop Weller was celebrant, Rev. W. C. Douglas of Fond du Lac, deacon, and Rev. E. C. Gear of Stevens Point sub-deacon. At this time Bishop Weller delivered his annual address.

The visiting delegates and priests were entertained at dinner in St. Ambrose' hall Tuesday noon and in the evening were received by Bishop and Mrs. Weller at their residence. The session this morning was devoted to a conference on religious education. The lay delegates from Stevens Point in attendance were T. H. Hanna, D. E. Frost and O. E. Johnson.

Memorial day was observed more generally and with larger citizen activity throughout Wisconsin than at any similar occasion in the history of observation.

The nomination of Alex Krembs as postmaster at Stevens Point was confirmed by the United States Senate last Friday and it is expected that the necessary preliminaries may be arranged so that Mr. Krembs will succeed the present incumbent, D. E. Frost, within a week or two. Mr. Frost has been postmaster upwards of seven years, his first appointment being as successor to the late Henry Curran, and he was afterwards named for the full four years' term.

Peter Trierweiler, Sr., who had been at Minneapolis since last October, visiting his daughters, returned here Saturday and will spend several weeks with his son in this city and at the home of another daughter, Mrs. Lawrence Higgins, in Stockton. Mr. Trierweiler, who is 76 years of age today, enjoys remarkably good health and is as active as the average man of sixty. Before arriving here last week he spent a few weeks as a guest of his youngest son, Nick, who has a farm near Stanley.

Prof. O. W. Neale, supervisor of rural school work at the Normal, left here Sunday morning for Columbus, Neb., to conduct a teachers' institute during the week. Mr. Neale hoped to enjoy a well earned rest before the opening of summer work at the state school next Monday, but he was called up on the long distance telephone last Saturday evening by the Columbus superintendent, who virtually insisted that he make the long journey. The Stevens Point gentleman has other engagements in Nebraska for next August.

Many local friends extend sympathy to Miss Anna McCawley of Park Falls in the death of her mother, Mrs. J. E. McCawley, who passed away very unexpectedly last Sunday morning. She was taken ill last week with bronchitis but no serious results were looked for until Saturday, when other complications set in. Immediate members of the family are the husband, who is a cruiser and timber estimator for the Park Falls Lumber Co., a son, Gregory, and Miss Anna. The young lady has been teaching in Milwaukee since last September.

To Whose Credit is YOUR MONEY?

THE purpose of these familiar talks on THRIFT is to inspire in you the purpose to SAVE. The incentive to SAVE is in every man and woman! It is with the young man who aspires to Larger and Better Opportunities, to enable him to marry the girl of his choice, to establish a home. And no matter how thoughtless, even extravagant, you may have been before marriage you are not much of a man if you do not start then in earnest to make provision for dependents. If you think seriously of all the things you might accomplish with ready money at your disposal, that the things you want most is actually within your reach as the result of THRIFT you will have all the incentive necessary to SAVE money.

And remember this: YOUR money will get into the bank whether YOU put it there or not! Are you saving some part of your income or earnings SYSTEMATICALLY, putting it away in some strong bank like this where it will be working for you and with you, adding its earnings to yours, or is it all slipping through your fingers into the pockets of bany account of SOMEBODY ELSE?

BUSINESS MEN HOSTS

Retailers' Association Votes to Enter-
tain Central Wisconsin Press
Association.

At a meeting of the Stevens Point
Retailers' association, held at the pub-
lic library Monday evening, it was
unanimously agreed to extend a for-
mal invitation to the Central Wiscon-
sin Press association to meet here on
Friday, July 21, and to make arrange-
ments to entertain the visitors.

It is expected that about 60 people,
including the newspapermen and their
families, will be here for the conven-
tion and the tentative plans for enter-
taining them include a luncheon at
noon, automobile ride in the afternoon
and banquet in the evening. Merlin
Hull of Black River Falls, former
speaker of the Wisconsin assembly,
is president of the association and will
be at the convention. The Retailers'
association has selected a committee
consisting of G. W. Andrae, W. J.
Boston and A. C. Krembs to secure
the financial support necessary to
show the visitors a "good time."

The following committee has been
appointed by President Hull of the
Retailers' association to take charge
of the proposed "booster trip" of local
business men this summer and to give
its support to the good roads move-
ment: G. W. Andrae, A. M. Young,
G. A. Gullikson, T. H. Hanna, J. N.
Weisby, P. W. Holte and A. C.
Krembs. G. W. Andrae stated that
it has been decided to re-route the
Yellowstone Trail through Stockton
and Custer, via Plover Hills, and that
he will paint the poles in the regula-
tion manner this week, if possible.
The route now leads through McDill.

The following delegates were elect-
ed to attend the annual state conven-
tion at Kenosha in August: L. J. See-
ger, J. M. Marshall, Fred Copps, John
Hebel, G. W. Andrae, R. E. Kostka,
N. M. Urbanowski, F. J. Jerzak, N. J.
Knope and C. E. Emmons. The al-
ternates are: I. S. Hull, Nick Miller,
W. N. Wiley, W. J. Boston, C. W.
Dittman, Albert Skalski and Sam
Goldberg. A letter from the Wausau
association was read inviting the local
delegates to join those of that city,
Merrill and Grand Rapids, in a spe-
cial car over the St. Paul road.

The association again expressed its
approval of the Stevens bill now in
congress providing for the regulation
of prices on standard articles. The
law firm of Nelson & Hanna was ad-
mitted to membership.

GET MOTOR BUS.

The City Transfer Line, of which
F. A. Ball is proprietor, has added a
motor bus to its equipment for ser-
vice between the Jacobs Hotel and the
two depots. The bus is a handsome
one and has a capacity of fourteen
people. It is a Ford chassis with a
Smith Form-a-Truck attachment and
a special body made by the Janesville
Carriage Works. It was put in ser-
vice Monday, taking the place of the
horse drawn vehicle.

HOLD CONFERENCE.

A monthly conference of German
Lutheran ministers was held at the
home of Rev. E. H. Bertermann last
Monday, when many matters of im-
portance to the denomination were
discussed. Those who attended from
out of town included Revs. R. Poutz
and W. Nommensen of Grand Rapids,
H. Daib of Merrill, A. Wagner of
Junction City, A. Breihan of Almond,
M. Schleibe of Nekoosa, M. Puchler
of Vesper, A. Ristow of Auburndale
and B. O. Richter of Amherst.

ELECTED STATE DELEGATE.

At a state convention of rural mail
carriers, held at Eau Claire last week,
M. L. Gordon of this city, local dele-
gate, was elected as delegate from
Wisconsin to attend the national con-
vention in Chicago, August 8 to 13.
Mr. Gordon was also elected sergeant-
at arms. F. E. Cotterill of Milladore,
who also represented this district,
was chosen as a member of the resolu-
tions committee. The state conven-
tion next year will be held at Sturgeon
Bay.

STALLED ON CROSSING.

One of the front wheels of an auto-
mobile owned by Ed. Johnson of Kili
Lake was ripped off by the locomotive
of an extra westbound Soo line
freight, in charge of Conductor H.
Meeks and Engineer George Ellis,
north of this city, at Westboro Sun-
day afternoon. The car became
stalled on a crossing and was not seen
in time to stop the train, although
every effort was made by the engine
crew to avoid a crash. Herbert Cur-
ran, one of the occupants of the ma-
chine, had an ankle hurt in jumping,
but no one else was hurt. The dam-
age to the auto was slight.

POSTED MEN ARRESTED.

Eight witnesses testified in county
court Monday afternoon in substantia-
tion of the claims of the police that
John Sprea was under the influence
of liquor Saturday. Sprea, who is on
the black list, was arrested Satur-
day and that day denied the charge
of drunkenness in court. He stead-
fastly refused to divulge the name of
the person who had given him liquor,
until he was being taken back to the
county jail after the Monday session
in court. He then told Frank Kubis-
iak, undersheriff, that John Corcoran
had purchased whisky for him. As a
result Sprea was discharged and
Corcoran was taken into custody. The
latter's case has been continued to
next Monday, he having pleaded not
guilty late Monday afternoon.

A GENERAL SURVEY OF THE WAR.

Thursday, June 1.—Paris and Berlin
each admit the loss of trenches about
Verdun, the French gaining a foothold
in 400 meters of trenches at Dead
Man Hill and the Germans gaining
Vaux pond. Both capitals report
heavy attacks elsewhere repulsed.
Paris claims that practically all the
ground gained by the crown prince's
three-days' drive has been recovered.
Constantinople reports the Turks on
the offensive in the Caucasus and the
Russians driven back at a point fifty
miles west of Erzerum.

Entente troops are reported moving
to the border at Saloniki.

King Victor Emmanuel is reported to
have departed secretly from Udine
on account of the Austrian offensive,
which has caused the Italians to evacu-
ate the fortified town of Asiago.

Friday, June 2.—In what is declared
the world's greatest sea battle Great
Britain lost the large battle cruisers,
Queen Mary, Indefatigable and Invin-
cible and the cruisers Defence and
Black Prince, besides several destroy-
ers. Germany's losses are uncertain,
but the Promern, a battleship of the
superdreadnaught type, the light
cruisers Frauenlob and Wiesbaden
and several torpedo boats were lost.
The British admiralty puts the loss
of British vessels at 11, which does
not include the Warspite, a dread-
naught of 27,500 tons, reported
by Berlin. The total tonnage of the
British warships lost exceed 115,000,
while those of the Germans is about
39,000. The value of British ships is
put at over \$60,000,000.

The Germans have shifted their at-
tack at Verdun to the east. A claim
of an advance at Callette wood and
capture of over 2,000 men is made in
Berlin.
Petrograd admits the Russian ad-
vance in the Caucasus halted by the
Turks.
Saturday, June 3.—If revised British
reports on the losses in the North Sea
naval battle are correct, eighteen Brit-
ish and fifteen German ships were
sunk. The British dead are estimat-
ed at 5,000. Rear Admiral Horace
Hood went down with his flagship the
Invincible, and the captains of the
Indefatigable, Invincible and Queen
Mary are also reported lost.
In the course of violent attacks on
Fort Vaux, on the Verdun front, east
of the Meuse, the Germans penetrated
a deep ditch north of the main French
position, the French war office admits.
The ridges of the heights southeast
of Zillebeke, southeast of Ypres, Bel-
gium, and the British position beyond
have been captured by storm by Ger-
man troops, the German war office an-
nounces.

Sunday, June 4.—Great Britain
officially claimed the victory in the great
naval battle off Jutland, fought last
Wednesday off the Skager Rack. The
admiralty issued an official statement,
saying the German losses in ships
were heavier than the British, "not
merely relatively, but absolutely."
The admiralty claims the German
losses consisted of 2 battleships, 6
cruisers, 9 destroyers and a U-boat.
A Rome report claims that the max-
imum effort of the Austrians was
made on May 30 and 31 and June 1
against the plateaus of Arsiero and
Asiago and that the result was disas-
trous to the Austrians, who suffered
enormous losses.

A great battle is raging about Fort
Vaux, one of the Verdun fortresses, it
being only the second German attempt
to capture a permanent fortification.

Ford Too Busy.

GLIMPSES INTO PAST MANY BANKERS HERE

Happenings Mentioned In The Gazette
Twenty-five and Ten Years Ago
This Week.

Twenty-five Years Ago.

E. A. Eldredge and family are now residents of Menasha, having moved to that place yesterday.

A new altar was presented by Mrs. A. E. Bosworth to the Church of the Intercession, a few weeks ago, as a memorial to her deceased husband.

Rev. R. H. Weller, accompanied by his little daughter, left for Jacksonville, Fla., Monday, where he expects to spend four or five weeks visiting his parents.

Mrs. C. Dauber and daughter, Lena, and son, L. A. Pomeroy, were called to Royalton on Monday by a telegram announcing the death of Mrs. Dauber's mother, Mrs. F. Peters, a lady over 80 years of age.

At 12:45 this afternoon, Mrs. F. G. Kirwan passed away at her home on Main street, aged 37 years. Her maiden name was Lizzie Wadleigh, and she was the third eldest daughter of Mr. and Mrs. Matthew Wadleigh. Her death was caused by meningitis.

This afternoon, at the home of the bride's uncle, Simon Mandel, in Milwaukee, Louis Fried of this city and Miss Samchen Mandel of Milwaukee will be joined in matrimony. Mr. Fried is a member of the firm of Bender & Fried and they will make their home in this city.

Wellington B. McDonald of this city was married to Miss Alice Vallentine at the bride's home in Chillicothe, Ill., last Wednesday evening. The groom is employed as clerk at McCulloch's store and the young couple are boarding at the Jacobs house at present, but will shortly go to house-keeping.

John Week passed away at his home at the corner of Wisconsin and Pine streets last Thursday morning, aged 72 years. He was born in Hardenger, Norway, and came to this country when twenty-one years of age. His wife and seven children survive. The children, with the exception of one, Mrs. Theo. Gribi, who resides in Chicago, are all residents of Stevens Point, they being Nelson A., Andrew R., Edmund R., Arthur and Misses Martha and Cora.

Ten Years Ago.

David A. Taylor graduated as a physician and surgeon from the Milwaukee Medical college, last week, and will locate at Sparta, his boyhood home.

Buchanan Johnson and Miss Grace Walker, youngest daughter of Mr. and Mrs. L. S. Walker, were married at the bride's home in Plainfield at high noon today.

Monday evening at the Baptist parsonage, W. F. Attoe of Springwater and Mrs. Lily Somers of this city were joined in wedlock, Rev. James Blake officiating.

A very pretty wedding ceremony occurred at St. Philomena's church, Rudolph, Tuesday morning, when Emmet M. Slattery and Miss Kathryn Fogarty, and James Fogarty and Miss Anna Gross were united in marriage, Rev. A. Van Sever officiating.

Miss Lillian Sherman, who graduated from the Stevens Point High school in 1902, and who for the past year has made her home at Bancroft, was married at New London, May 25, to Prof. F. J. Walker, principal of the schools at Northport, Waupaca county.

The pupils of the eighth grade of the High school will give a one act comedy entitled, "Thank Goodness the Table is Spread," next Monday evening. Those who make up the cast are Frank Grebin, Marjorie Smith, Leo Boerchardt, Mamie Wiesner, Ward Sawyer and Janette McCreedy. Drills will also be given and those who take part are Clark Allen, Blazie Kryger, Dave Weltman, Nick Ross, Arthur Phillips, Leo Boerchardt, Chas. Wakefield, Dick McCann and Frank Grebin.

Deaths—Mrs. Simeon Wheaton of Dancy, aged 58 years. John D. O'Keefe of Stockton, aged 44 years; his wife and four children, Edward, Gregory, Gertrude and Margaret, survive. Albert Ruppold, son of Mr. and Mrs. Michael Ruppold of this city; his wife and six children survive. Mrs. Julius Kandach, aged 62 years; her husband and one son are left to mourn. Mrs. Helen Pike, mother of Alvin Pike of this city, aged 74 years. Isaac Bearer, aged 73 years; death occurred at the home of his nephew, J. W. Vaughn. Edgar Dakins, aged about 50 years; he leaves his wife and two children, Viola and Kenneth.

CRIPPLED TEAM LOSES.

The Mosinee baseball team, with a patched up line-up, took the short end of a 5 to 0 game at Mosinee Sunday, the Grand Rapids aggregation being winners. "Shorty" Roberts, sterling pitcher for the up-river team, was off duty nursing a sore arm and Douville, shortstop, and Grooms, centerfielder, were out with injured fingers. Linder, rightfielder, took Roberts' place on the firing line and was hit quite freely. H. Menzel, the Stevens Point mit artist, was behind the bat for Mosinee. Devine and Fahrner manned the guns for the Grand Rapids outfit.

BUYS LINWOOD FARM.

What has long been known as the Mason farm in the town of Linwood, located just below the Malick farm, was recently purchased from Mrs. J. J. Wolf by Gus Retzlaff of Cleveland, Wis. The new owner is a former railroad man, but for some time had contemplated taking up farming and when the opportunity of securing this farm presented itself, he seized it and is very well pleased with his purchase. The farm comprises forty-six acres, located on the west bank of the Wisconsin river and commands a beautiful view. It is almost directly across the river from River Pines Sanatorium. Mrs. Wolf, from whom the purchase was made, expects to go west to live with a daughter.

Over Fifty Financiers Come to Stevens Point for Annual Group Meeting Thursday.

Group 6 of the Wisconsin Bankers' Association, at the annual convention in this city last Thursday, elected the following officers for the ensuing year: President—R. C. Ballstadt, Merrill. Vice Pres.—Harry Haslett, Loyal. Sec.-Treas.—John V. Berens, Wild Rose.

Executive Committee—The above officers and E. C. Jost of New London and S. J. Falck of Unity.

As it is the custom to hold the annual convention in the home city of the president, the 1917 gathering will undoubtedly be at Merrill.

The convention was opened at 10:00 o'clock in the morning by the president, J. W. Dunagan, of this city. Then followed, in the morning and afternoon, the program as arranged. There were also many discussions of problems of peculiar interest to the banking profession. In the afternoon the visitors were taken on an automobile trip to interesting places in and near the city and at 6:30 a banquet was served at the Parish House, the convention headquarters, by the ladies of the Parish Guild of the Church of the Intercession. Seventy-seven places were occupied at the tables. J. W. Dunagan, as toastmaster, called on a number for short talks, including Mayor F. A. Walters, P. J. Jacobs, C. S. Orthman, Charles H. Cashin, D. E. Frost and W. F. Collins, the latter of Grand Rapids.

Weber's orchestra played for dancing from 9 to 11:30, but many of the visitors started for home in their cars as rain clouds loomed up.

The attendance from outside the city was more than fifty and in addition to these the local banks were well represented.

IN WASHINGTON, D. C.

Charles M. White, a former Stevens Point boy, is now the Washington, D. C., representative for the Gill piston ring, and according to the Washington Times of last Saturday recently gave "an enlightening resume of the remarkable history of this important part of latter day automobile equipment" before a gathering of automobile men. Mr. White was quoted to some extent.

ARNOTT WOMAN'S CLUB.

The Woman's Club of Arnott held their "Sons and Daughters" meeting at the home of Mrs. E. J. Carley, Tuesday evening of last week. Miss Margaret Edwards sang several selections in her usual pleasing manner, accompanied on the piano by Miss Virginia May Carley, several of the children recited, and the report of the bird contest was given, Miss Evelyn McCormick receiving the prize for greatest proficiency in bird study, and Leonard Leary, aged nine years, the prize for the child ten years of age or under describing the largest number of birds. Ivory jewel cases were given as prizes. The children of three adjoining school districts took part in the contest, and have shown a great deal of interest in the study of birds, a number of excellent papers having been written. Mrs. Clara Hoyt of South Kaukauna was a guest of the club. The next, the annual meeting of the club, will be held, Friday, June 16, with Mrs. E. P. Crosby as hostess.

LA CROSSE WINS MEET

Stevens Point Third In State Normal Track and Field Contest Saturday.

Six Normal schools were represented at the state track and field met at La Crosse last Saturday, La Crosse winning first place, with a total of 60½ points, Milwaukee second with 42½, and Stevens Point third with 10. Coach Corneal of the local school had only four men entered in and their showing was a remarkable one. The Platteville delegation was unable to reach La Crosse on time to participate, due to a wash-out. Oshkosh also failed to put in an appearance, being badly handicapped in spring athletics since their recent fire.

Following is a detailed result of the meet:

100 yard dash—Grausnick, La Crosse, first; Ryan, La Crosse, second; Eagleburger, Stevens Point, third. Time, 10 2-5 sec.

220 yard dash—Grausnick, La Crosse, first; Ryan, La Crosse, second; Felton, Milwaukee, third. Time 24 3-5 sec.

440 yard dash—Ryan, La Crosse, first; Eagleburger, Stevens Point, second; Rennie, La Crosse, third. Time 53 3-5 sec.

880 yard dash—Donovan, Milwaukee, first; Quail, Superior, second; Walder, La Crosse, third. Time, 2:09.

One mile run—Donovan, Milwaukee, first; Ellis, Stevens Point, second; Walker, La Crosse, third. Time, 4:52 1-5.

120 yard hurdles—Brown, La Crosse, first; Beoktuld, La Crosse, second; Brunhand, Milwaukee, third. Time, 18 2-5 sec.

220 yard hurdles—Felton, Milwaukee, first; Brown, La Crosse, second; Miniart, La Crosse, third. Time, 28 2-5 sec.

High jump—Adair, La Crosse, and Gifford, Milwaukee, tied for first. Miniart, La Crosse, and Townley, Milwaukee, tied for third. Height, 5ft. 3½ in.

Broad jump—Grausnick, La Crosse, first; Townley, Milwaukee, second; Shaw, Superior, third. Distance, 18 ft. 8 in.

Pole vault—Norenberg, Milwaukee, first; Townley, Milwaukee, second; Miniart, La Crosse, third. Height, 11 ft. 3¾ in.

Shot put—Taylor, La Crosse, first; Townley, Milwaukee, second Grausnick, La Crosse, third. Distance, 38 ft. 2 in.

Discus throw—Townley, Milwaukee, first; Taylor, La Crosse, second; Gifford, Milwaukee, third. Distance, 108 ft. 5 in.

Relay race—Won by La Crosse. Stevens Point second; Milwaukee, third. Time, 8:42.

Summary:
La Crosse, first, 60½ points.
Milwaukee, second, 40½ points.
Stevens Point, third 10 points.
Superior, fourth, 4 points.

River Falls and Whitewater did not score.

As a result of Saturday's meet six new records were hung up for Wisconsin Normal schools. The local

team, consisting of Stemen, MacLaughlin, Ellis, and Eagleburger, would undoubtedly have won first in the relay race had not Stemen been tripped by a La Crosse man from behind, losing the lead. He was thrown on the cinder track and consequently dropped to fifth place. In spite of this handicap, the team pulled in to second position, La Crosse having but a slight lead on the home stretch.

A meeting of the Normal conference was held at La Crosse preceding the meet and officers elected for the ensuing year. A motion was passed placing Stout Institute of Menomonie, Wis., on an equal ranking with the nine Normal schools of the state, in athletic activities, the ruling to take effect January 1st, 1917. La Crosse was placed on the list of schools in the southern division, Stout taking her place in the northern division, with the addition of the new Eau Claire Normal, making a total of ten schools in the conference, five in each division. Plans were discussed for the carrying out of next year's high school basketball tournament under the auspices of the Normal schools and other plans for additional athletic activities formulated.

YEAR BOOK OUT.

"Memories 1916" is the title of the year book just issued by students of the High School. The book is a record of events of the school year, with many original features of particular interest to the students. It is well illustrated with drawings and photographs and makes a valuable souvenir, especially for this year's graduating class.

GOT TWO YEARS.

Harry Green was arrested at Junction City last Wednesday evening by Deputy Sheriff A. L. Voyer, charged with stealing two suits of clothes. He was brought to this city Thursday, arraigned before Judge Murat and bound over to the circuit court; he pleaded guilty to the charge of grand larceny and was sentenced by Judge Park to two years in the state prison at Waupun. It was discovered that the stolen suits were the property of two men from Wild Rose who are employed at Junction City. Green was pursued and arrested when attempting to leave the village at about 5:30 in the afternoon.

GOES TO NEW YORK.

Miss Etta Bloye has resigned her position as clerk in the training department at the local Normal and will leave Monday for New York city, where she will begin her duties as private secretary for Madame Montessori, New York being the center of the Montessori education system in the United States. She will stop at St. Thomas, Canada, on her way east for a short visit with friends.

Miss Bloye is a graduate of the local high school and for the last four years has held the position of clerk in the local Normal. She has made a host of friends in the city who will learn with regret of her departure.

FAST TRAIN IS DITCHED

Soo Line Flyer Jumps Track Near Atwood Monday—Engineer and Fireman Injured.

Engineer Charles McCoy and Fireman P. O. Draheim, both of Fond du Lac, were injured in a spectacular wreck of Soo line northbound passenger train No. 3 two miles west of Atwood, on the Spencer-Owen cut-off, at 3:40 o'clock Monday morning.

Engineer McCoy stuck to his post and was caught between the boiler head and the engine cab, necessitating about an hour's work to extricate him. His right leg was broken just below the knee. Fireman Draheim sustained bruises on his head, face and body when he jumped from the cab. Both were taken to the Marshfield hospital and their condition is reported as favorable, with complete recovery assured. Fireman Draheim returned to Fond du Lac Monday afternoon.

The train, in charge of Conductor B. F. Bowen of Minneapolis, was proceeding at a rate of about 25 miles an hour when suddenly the locomotive left the rails. The engine and the baggage car, mail car and buffet car tipped over onto their sides, and two sleepers were derailed. The first three cars shot from their trucks, but were little broken up. The passengers and train crew, with the exception of the engineers, escaped serious injury, although all were shaken up and some sustained minor bruises. The baggage car was the only wooden car in the train, the others being of steel construction, but it withstood the crash about as well as the more modern ones.

Doctors from Owen and Spencer were called out, but their services were but little needed. The two sleepers and two coaches from the rear end of the train were pulled back to Spencer, the mail was transferred to another car and the passengers were taken the rest of the distance to Minneapolis via Abbotsford. The wrecking outfits from this city and Superior were sent to the scene, but the main line was not cleared until Tuesday afternoon.

The cause of the wreck is a mystery as the track was so badly damaged that investigation was useless. Even though the speed of the train was not great, it is miraculous that fatalities did not result and that more people were not injured.

Rumors of great loss of life were circulated in the city Monday morning and caused considerable apprehension. As it was the wreck was the most serious a Soo line passenger train has had in months and the property damage is heavy.

Supt. C. E. Urbahns of this city, was a passenger on the train and remained to direct the work of clearing away the wreckage. A. L. Filmore, master mechanic, and C. F. Gillespie, traveling engineer, went up Monday afternoon.

A peculiar thing in connection with the wreck is the fact that it occurred on a straight stretch of track.

SHERRY.

Miss Jennie Evans was a guest of Miss Mary Davis on Sunday.

Miss Hazel Parks left Saturday for a visit in Neenah and Appleton.

John Parks has purchased a fine new Ford car of latest design.

The Misses Verna and Lola Moran were hostesses for the S. S. Society last Tuesday.

The N. C. I. and several town friends enjoyed a picnic in the woods Decoration Day.

Mrs. Matt Gotz visited her husband in Marshfield last week and reported him improving steadily.

Wm. Jantz has traded his Park & Palmer roadster and a horse for a five passenger Siegel car.

Otto Becker returned home from New Glarus Saturday. Mrs. Becker will remain another week.

Misses Effie Thompson and Juanita Bond were entertained at the home of John Parks Monday evening.

A delightful party was given Friday evening at the Geo. Powell home for the lady teachers and N. C. I. girls.

Miss Clara Farrell left Wednesday morning for her home in Milladore, where she will spend part of her vacation.

Rev. C. A. Adams of Merrill will administer baptism and communion next Sunday evening at the Presbyterian church.

Martin Nelson broke his collar-bone Saturday while building fences and will be taken to the hospital at Marshfield for treatment.

A picnic will be given by the Presbyterian Sunday school Saturday in Hugh Williams' grove. All are invited to come and bring lunch. Ice cream will be served free.

Mrs. Frank Zarneke and children who have been making their home with the lady's father, John E. Jones, at Sherry, left Saturday for Burlington for a visit with her husband.

Mr. and Mrs. Geo. Powell drove to Marshfield on business Saturday. The following also stopped in Marshfield Saturday: Miss Thompson, Martha Bond, Jean Whitney, Isla Davis, Elsie Sommers, Lola Moran, Clarence Sommers, Tom Davis, J. D. Grange and Tom Evans.

ODD FELLOWS ELECT.

Members of Shaurette Lodge of Odd Fellows held a meeting at the lodge hall last Wednesday evening at which time the following officers were elected:

Noble Grand—Blaine Carlton.

Vice Grand—Charles F. Thoms.

Following the election, emblems for twenty-five years' membership in the lodge were presented to Charles Simonson and John W. Brown, the presentation being made by John Strope.

Short talks by Marcus Hanson of Marshfield and Rev. John Kendall of Plover followed, after which light refreshments were served. About 125 people were in attendance at the meeting. J. J. Tardiff of McMinnville, Ore., will also receive an emblem of membership.

SENDING OUT BLANKS.

Blanks for the annual school reports, covering receipts and expenditures, census statistics, tax levies etc., to be filled out by the various school clerks, are being sent out by County Superintendent Bannach. Miss Bannach is also issuing pamphlets containing instructions on how to carry on the annual school district meetings and other district business.

MEETING IN JULY.

County Superintendent Bannach is sending out circular letters to district school clerks calling attention to the fact that the 1915 legislature changed the time of the annual school meetings from the first Monday in June to the first Monday in July. The hour it also changed from 7 p. m. to 8 p. m. In accordance with this, the annual school meetings will be held this year at 8 p. m. on Monday, July 3.

HELD FINE CONTEST.

A declamatory and oratorical contest was held in Manley's hall at Hancock last Thursday evening, in which students in grades five to nine, inclusive, of the Bancroft consolidated school, participated. The contest was under the direction of Miss McKeague, assistant principal, and it was so successful that it has been decided to make it an annual event.

The program follows: Selection by orchestra; "The Two Portraits," Monroe Manley; "Intensely Utter," Ada Skel; vocal solo, "Shadow Time," Bessie Ellis; "George Washington," Orville Bird; "Curfew Shall Not Ring Tonight," Margaret Foss; selection by orchestra; "Asleep at the Switch," Rachael Skel; "Signing the Pledge," Leon Green; vocal solo, "Sing Me To Sleep," Ella Henry; "Joe Sieg," James Manley; "The Elf Child," Esther Felch.

The judges, Miss Alice Gordon, Miss Sadie Riley and Vernon Boggs, awarded prizes as follows: First, a fountain pen, to Orville Bird; second, \$1 in cash, to Esther Felch; third, 50 cents in cash, to Margaret Foss.

MEETS WITH FAVOR.

Some time ago E. H. Flentie, city sealer of weights and measures, originated a seal for use on packages weighed by him and found correct. The seal is in the form of a small gummed stamp, and it is being used with success here. Recently Mr. Flentie has received inquiries for samples from many parts of the country and the idea has been applied by sealers in this and other states. The Wisconsin state department of weights and measures is also advocating its use. Mr. Flentie did not copyright the idea, so that he will receive no financial returns from it.

PALS TAKE HARD GAME

Continental Drop Eleven Inning Tussle After Battle of South-paw Pitchers.

League Standings.

	W.	L.	Pct.
Palace of Sweets	2	0	1.000
Continental	1	1	.500
Missions	0	1	.000
Macnish's	0	1	.000

A sacrifice fly to deep left field, which "Ted" Menzel speared with one hand, broke up a sensational eleven inning City league game Sunday giving the verdict to the Palace of Sweets over the Continentals by a score of 6 to 5. The teams had battled fiercely for over two hours, first one side assuming the lead and then another, and the final run was the only one the Kandy Kids earned, so effective was the southpaw delivery of Fishleigh. In the eleventh Berens laid down a single, stole second and went to third on a wild pitch. With one down and two strikes called on him, Allard Haertel, right gardener for the Pals, hit the sky buster that brought in Berens with the winning marker.

The work of the two batteries was the outstanding feature of the tussle. Fishleigh, whom the fans know best as an outfielder, was a bear on the mound and a Ty Cobb with the stick. He allowed but six hits, whiffed nine of the opposition and gathered in four hits himself, three of which were doubles. He was given superb assistance by Art Haertel, his battery mate, who, despite the fact that he has been out of the game for two years, displayed a wonderful arm, a smart head and equally good ability with the mit. Sid Eagleburger allowed eight hits, two more than Fishleigh, but hung up a record of 17 strikeouts, which is likely to stand for some time.

The Continentals lost the decision mainly through errors on the part of "Ted" Menzel and Friday, two men who have been through the mill and are ordinarily as steady as eight-day clocks. Menzel, in the sun-field, had difficulty with the sun and the wind and lost balls that he would ordinarily gather in with ease. Friday, while at shortstop, let in the first run by a high throw to first, after he had erred on a grounder by Eagleburger.

The game was a thriller from the standpoint of the spectators, who got several times their money's worth, including those citizens who took advantage of the holes in the fair grounds fence and overlooked the ticket seller. Claude Eagleburger was first up for the Pals in the third and was safe on an error by Friday. Welch and Sid Eagleburger grounded out and Fisher laid down grass cutter, which Friday gobbled up. It looked like an easy out at first, but Friday heaved the pill high over Krebbs' head, letting C. Eagleburger in with run No. 1.

The Continentals came right back with two scores in the fourth frame. Leterski registered the first hit of the game, a single. Hussin laid down a sacrifice and was safe on Sid Eagleburger's error. Art Haertel was hit by a pitched ball, filling the sacks. Fishleigh here came through with a double, emptying the contents of second and third on the platter. "Ted" Menzel flew out to left. The lead changed again in the fourth. After Cashin had fanned, Walters knocked a Texas leaguer to left and was safe on Ted Menzel's error. Viertel sent Walters romping home with a triple to deep left and came home himself when Ted Menzel misjudged a fly by Berens.

In the eighth the Continentals forged ahead again. Leterski was safe on an error by Viertel and was sacrificed by Hussin. A single by Art Haertel and doubles by Friday and Fishleigh resulted in three tallies, making the score 5 to 3. In their half of the eighth the Pals tied the count on errors by Leterski and Ted Menzel on Fisher and West, a single by Cashin an infield out and a sacrifice fly.

In the eleventh the Continentals made a bid for a score, but couldn't produce the necessary nunch. Fishleigh started with a single and got to third on two infield outs. W. Menzel grounded to Sid Eagleburger for the final out.

The box score looks like this:

BLACK LIST TROUBLES.

Judge B. B. Park handed down a ruling in circuit court last Saturday in the matter of the petition of Leo Konopacki, who asked that his name be stricken from the black list. The ruling held that the action commenced was not one to be passed upon by the circuit court.

Konopacki is the proprietor of a lunch wagon and was posted on Feb. 29. In petitioning for redress, he cited the fact that he is past 40 years of age, is physically unable to do hard work and that the nature of his business makes it necessary for him to enter saloons if it is to be carried on successfully. He has a wife and three children.

Konopacki is expected to be arrested tomorrow on a warrant charging him with entering a saloon while posted.

WICKLUND-NEWQUIST

Popular Young People of Eau Claire Township Are Married Last Friday.

Friday, June 2, at ten o'clock in the morning, occurred the marriage of Ruth Newquist to Evar Wicklund, both residents of Eau Claire. The marriage took place at the Free Evangelical church in that township. The church was decorated with ferns and lilacs. The wedding march was played by Miss Edith Moeven of Amherst. The attendants, who were Esther Wicklund and Carl Larson, and Estella Swanson and Edward Thompson, marched in first and met the bride and groom at the altar. A song was sung by the Misses Josephine and Tressia Swanson, after which the double ring service was performed, the words being pronounced by Rev. Andrew Anderson.

The bride wore a dress of silk crepe de chene and a veil which was caught with white roses. She also carried a bouquet of white roses.

Ruth is the second daughter of Mrs. C. G. Swanson and Evar is the only son of Mrs. Matilda Wicklund. Both young people are well known in that vicinity, having lived there most of their lives. Their friends extend to them very best wishes. They will make their home on the farm which Evar has had charge of since his father's death, some three years ago.

A reception was given to relatives and intimate friends of the bride and groom at the home of Mr. and Mrs. C. G. Swanson, the following being guests: Mrs. Emma Swanson and children, Mr. Isralson, Mrs. C. Peterson, Mr. and Mrs. Wm. Gustafson, Josephine and Tressia Swanson, Richard Johnson, Mr. and Mrs. Fred Swanson, Edith Moeven of Amherst, Rev. Andrew Anderson, Gust Swanson and family of Stevens Point, Mrs. Larson and family, Edward Thompson, Elmer Swanson, John Johnson, Mr. and Mrs. Ole Anderson, Mr. and Mrs. Jacob Olson and family, Bessie and Ida Anderson, Minnie Pearson, Mr. and Mrs. Anton Anderson, Miss Olson and Miss Nordeen of Bayfield, Mr. and Mrs. Oscar Johnson, Mrs. Adolph Lilyquist.

WILL BE BIG PICNIC

Annual Meeting of Portage and Waupaca County Guernsey Breeders Comes On June 20.

Guernsey breeders of Portage and Waupaca counties are completing the final arrangements for their big annual picnic, which will be held at the L. E. Gordon farm just north of Nelsonville on Tuesday, June 20.

There are many reasons why this event can reasonably be expected to be the largest affair of its kind in the state. The largest Guernsey picnic last year was that held at Scandinavia by this same association. This year there will be two noted speakers present, H. H. Griswold of West Salem and Prof. John Tormey of the University of Wisconsin department of animal husbandry. Music will be furnished by the Nelsonville band. Mr. Gordon has an unusually fine herd of Guernseys and these high producing cows are well worth taking a day off to see.

There will be a stock judging contest in the forenoon, with classes for boys and girls under 10 years of age, and for young men between the ages of 18 and 30. Valuable prizes will be offered for the highest score in placing and giving reasons for placing animals in the several classes. Last but not least will be a genuine old door picnic in the beautiful shady grove. Good music will be furnished by the band and all your friends, relatives and acquaintances will be there. Farmers, doctors, bankers, lawyers, merchants, clergymen and all others interested in better live stock are invited to attend.

The stock judging contest will be one of the interesting and instructive features of the event. It is to be conducted by J. M. Coyner, Portage county's new agricultural representative. Mr. Coyner is a member of the state committee called for the purpose of advancing boys' and girls' agricultural contest work and has officiated at several stock judging contests in different parts of the state. The Gross & Jacobs hardware company of Stevens Point has generously furnished the executive committee of the Guernsey association with six prizes at a very low figure and three of these will be offered in the junior contest and three in the senior contest. The prizes follow:

Senior Contest—First prize, veterinarian's dose syringe; second prize, gutter cleaner; third prize, cow sprayer and gallon of fly killer.

Junior contest—First prize, milk scale; second prize, hand saw; third prize, claw hammer.

Persons desiring to enter these contests should be on the grounds before or by 10 o'clock a. m. For further particulars write or telephone to J. M. Coyner, Portage county farm, Amherst Junction, Wis.

SATURDAY CLOSING ON.

The Saturday afternoon closing idea has taken hold of Stevens Point again this summer and practically all of the lawyers, dentists, bankers and city and county officials have fallen in line. The practice went into effect last Saturday and will continue, in most instances, until September.

MARRIAGE LICENSES.

Leo Mallek, Carson, Maggie Tessmer, Carson; Alexander Bullard, Dewey, Frances Koleszak, Dewey; Floyd Parmenter, Plover, Mary Coulthurst, Plover; Elmer J. Hansen, Lanark, Ellen Hebblewhite, Lanark; Anton Wroblewski, Stevens Point, Agnes Przybylski, Stevens Point; John Wisnec, Buena Vista, Ancistia Gunney, Stockton.

FAREWELL TO PRIEST.

Rev. Peter Banka, retiring assistant at St. Peter's Catholic church, was given a testimonial in the nature of a farewell party at St. Peter's parochial school last Sunday afternoon. A musical and literary program was given and the young people presented Father Banka with bouquets of beautiful flowers. Rev. S. A. Elbert also made an address, to which a response was given by Father Banka. Father Banka leaves the last of the week for Green Bay and expects to soon be re-assigned. He served as assistant at St. Peter's for five months, but several weeks ago was forced to give up temporarily on account of illness.
